

## NEW MEMBERS

Of School Board Chosen Last Night by City Council

Effort Made to Remove Ong From City Building — Stewart Handed his Release.

The city council met in regular session last night with all members present. The minutes of the last meeting were read and approved.

The question of the salary of the school board came up, and a motion that it be fixed at \$75 per year was made, but W. S. Campbell, the present secretary, stated to the council that he thought that inasmuch as the secretary had so much more work to do, his pay should be more, and \$90 was suggested as the secretary's salary, but the matter was carried over until the next meeting.

The petition of Peter Easley (colored) of East Seventh street, for extension of water mains was referred to the water and light committee.

The petitions of Donald Smith and Russel Casady to construct his own sidewalk on Ninth street, was granted, and bond fixed at \$100.

The attention of the council was called to a settling or caving in of a part of the floor at the water and light plant and a motion that the same be fixed was carried, and the water and light committee given power to act.

Mayor Stevens reported that he made a tender of the money which the council allowed ex-city attorney Young to him, but that he did not accept, but requested that the matter be held up a few days or until the latter part of this week.

Clerk and treasurer's memorandum or report was received and placed on file. The marshal's report showing collection of \$9.00 for show license was received and placed on file.

The superintendent of the water and light plant made his report, showing the total receipts for the month of May to be \$1807.41, disbursements, \$681.20, leaving a balance of \$1125.21.

Ordinance No. 150, fixing the salaries of officers was read for the second and third times and accepted.

The bond of Thomas Geraghty for the grading of Eighth street between Harrison and Main was accepted.

William McBride was selected as a member of the school board in the place of R. F. Scudder, whose term expires this year. He had no opposition.

On motion of Purcell, the services of Jacob Stewart at the water and light plant were dispensed with and Thomas Evans was appointed in his place.

A motion that the city employ a civil engineer for a time at \$3.75 per day was carried, and the committee on streets and alleys was given power to employ some one.

A motion that the office of Supt. Ong of the water and light plant be moved to the plant from the city building was discussed, to which procedure Ong objected, saying that it was necessary to be up town to collect water and light rents, but council seemed to think he ought to keep in touch with the plant and that some arrangement might be made by which the water rents could be paid at the city treasurer's office, but the matter was carried over until the next meeting.

Petitions of Lon Pea and Lon Stewart for extension of water mains was referred to committee on water and light.

G. G. Mauzy petitioned the council to move an electric light pole that stood where he wanted to build a cement approach from the curb to his sidewalk, and the council gave him permission to move it at his own cost.

The street commissioner was again given power to repair the foundation of Mrs. Hayes' house on Sexton street, which was washed out badly by Hodge's branch.

The street committee was given power to purchase two car loads of stone to be used in filling holes in the city streets.

After allowing the usual claims the council adjourned.

The anniversary has just been celebrated in Berlin of the day when, in 1832, the old law forbidding any one to smoke in the streets was repealed.

## MAY CHANGE HANDS

C. H. & D. may Become Property of the Pere Marquette.

Advices from New York say that a deal is being closed in that city by H. F. Shoemaker, of New York, and M. D. Woodford and Eugene Zimmerman, of Cincinnati, who hold the greater part of stock in the C., H. & D. railroad, whereby the road will pass to other control—probably to the Pere Marquette. Zimmerman has announced that the road is for sale if any one will pay the price. The Pere Marquette, which recently got into Chicago and Buffalo, has shown a tendency to reach out, and wishes to get into Cincinnati and Indianapolis. It now has 2000 miles of track and track rights, covering 275 miles. In the C., H. & D. system there are about 1000 miles, including lines owned and leased. The road extends from Cincinnati to Toledo, from Hamilton to Indianapolis, and from Indianapolis to Decatur, Ill. There are several branch lines in Ohio and Illinois.

## CONTEST WILL

Heirs of Ann McCarty to Test Validity of Instrument.

Suit was begun in the circuit court today by Patrick M. Roach, against Thomas Amos, Edward Amos, John J. Roach, Katherine Roach, and Arthur B. Irvin, executor of the will of Ann McCarty, deceased, to declare the will of decedent invalid.

The complaint alleges that decedent, who died April 16th, 1904, was worth at the time of her death, \$3500, which under the law, plaintiff and defendants would inherit jointly, but that the will gave \$500 to Thomas Amos, \$1000 to Edward Amos, and the remainder to John, Katherine and Anna Roach, and that no part of the estate was bequeathed to plaintiff.

He asks that the will be set aside for the reasons that it was unduly executed; that the decedent was of unsound mind; that the execution of the will was procured by undue influence, and that at the time of the making of the will she did not have the mental capacity to understand the nature or consequence of the will.

## MORE ACCIDENTS

Occur Today at the Power House—Of a Slight Nature, However.

Three more accidents of a slight nature occurred at the power house during the course of the proceedings there today.

The Republican gives an account elsewhere of the man who fell striking his head against a rail while in the act of unloading the steel rails at the power house, yesterday afternoon.

This morning John Heaney, who was doing the same kind of work, had his ankle and foot mashed and sprained by a rail which turned over onto his foot. The rails weigh seventy pounds to the yard and are twenty yards long.

About ten o'clock this morning a section of one of the large fly wheels which was being picked up by the big traveling crane in the engine room and upon which Oron McKinney was standing turned over and threw him down between the iron beams which are to support the engine room floor and into what is called the "pit." As a result of the fall he has a badly sprained ankle.

While John Lewis was prying a piece of machinery in the building this morning with a piece of pipe, the instrument broke and threw him down through the beams to the floor below. He was somewhat bruised and otherwise injured.

These are about the first accidents which have occurred at the power house and while not of a very serious nature it is to be hoped that no more will occur.

## The Church and The Stage

By FREDERICK WARDE, Eminent Tragedian

An appropriate text for this article would be a paraphrase of the words spoken by the Master when he stood before his one earthly judge, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's." I would ask all to render unto the church the reverence and the love that are the church's, and unto the stage the RESPECT AND ESTEEM WHICH ARE ITS DUE. Let us remember that the stage is an institution founded by the church; that the first theater audience was a church congregation, the first stage was an altar, and THE FIRST ACTORS WERE PRIESTS. Long before the advent of the Christ the drama was born, and, side by side with Christianity, it has survived the centuries, establishing itself beyond question as one of the most potent factors in mental enlightenment and MORAL CIVILIZATION.

What are the morals of the drama? Why have they been so sweepingly condemned? In the humblest playhouse in the country you will nightly witness the reward of virtue and the confusion of the wicked. The meretricious play of the more modern playwright cannot be laid at the door of the actor who speaks the lines. THE EVIL ORIGINATES IN THE BOX OFFICE. So long as the public patronizes the problem play so long will that class of play be written. The personal preference of the actor is in the opposite direction, but the actor is rarely free to follow his own inclinations. The American theatrical manager is a business man, investing his money in the commodity which sells best. It is unfair to condemn the people of the stage for a condition of affairs for which the public is to blame.

The uplifting of the stage, therefore, is the work of theater goers, not of actors. When recognition is given to the drama as an EDUCATIONAL institution, and not merely as a recreation and an entertainment, the stage will take its proper place among the world's civilizing agencies.

WITH ITS WEALTH OF LITERATURE, ITS VAST STORE OF LEARNING AND ERUDITION, IT SHOULD BE KEPT CLEAN AND WHOLESOME, PERFORMING WITH THE CHURCH AND THE SCHOOL-HOUSE THE FUNCTION FOR WHICH IT WAS INTENDED.

## WONDERFUL

What Can Be Accomplished By a Little Energy of Citizens.

It is wonderful what can be done by a little concerted energy of the citizens of a city toward the upbuilding and growth of a city. Rushville needs a little more stimulated push and we should be up and doing, and not allow our sister cities to out do us in this respect.

In this connection and as an example, the Shelbyville Republican says:

Not long ago a certain town in the gas belt celebrated the opening of a new library building which had been put up at a cost of \$50,000. A few years ago that same town would have been equally proud of a building that cost a fourth as much and of a library with a fourth the number and variety of books. But the town has grown rapidly in the last few years. Why? Because its citizens added push and energy to a wonderfully cheap fuel and other natural advantages. And how were this push and energy applied?

To the acquisition of factories. And how were these factories acquired? In many an instance by adding subsidies to natural gas. And why were subsidies aid to these industries? Because it was a profitable thing to do. And why profitable? Because these industries brought thousands of workmen and their families, and these thousands required all the comforts and necessities of life, and this made a market for everything that was for sale—for real estate, for merchandise of all sorts.

Then followed the library with its rich opportunities for the aspiring among both the young and old; then came additional educational institutions; a conservatory of music; business colleges. And a street railroad also came, and with this came opportunities for the poor to enjoy outings

in the country and various other desirable experiences that would not otherwise have come to them. And these are but a few of the numerous illustrations of what the development of industries means to the community. At the same time it well illustrates the Republican idea of developing the entire country.

Wagner pitched a fine game of ball yesterday and should have scored a shut-out but for several miserable errors.

Can Pruitt shut out the Greensburgs Friday?

Cincinnati and New York both lost by score of two to none and the Chicagoans are now in first place.

The attendance at some of the American Association games does not compare favorably with Rushville.

Evansville made ten runs off of Dayton in the ninth inning in one of the Central league games yesterday.

## Blowed out the Pipes.

The Rushville Supply company last evening turned the gas from one of its wells into the pipes recently put down, to blow them out. Persons who were at the end of the line at Fourth and Main street say that the well showed great pressure and made a loud roaring noise.

## PRESERVING ORDER

Citizen's Alliance at Cripple Creek Takes Things in Hand

Small Army of Armed Deputies Under a Determined Leader Enforces Order in Mining Camp.

Cripple Creek, Col., June 8.—Apart from a few small fights in connection with the rounding up and arresting of union miners, no further outbreak has occurred in this district. Two local militia companies and a small army of armed deputies under Sheriff Edward Bell, are in full control of the camp. Though there has been no more turbulence there is an undercurrent of feeling which bodes ill. Secretary Clarence Hamlin of the mine owners' association declares that 200 prisoners now held in the armory in Victor will be run over the hills and warned never to return. There is a minority element that wants to hang S. W. O'Connell, former marshal of Victor, suspended and under arrest, and also Alfred Miller, charged with having started the riot which resulted in the killing of Roxie McGee at the mass meeting in Victor Monday afternoon, and several other leaders. No hanging will take place, however, in all probability, unless resistance is offered by word or action of the prisoners. It would require but little to have a wholesale hanging.

Virgil King, a union leader, and fifteen others, arrested in Cripple Creek, have been taken to Victor for deportation. A well-grounded rumor is to the effect that a large number of union miners working in the Portland will be arrested. The building owned and occupied by miners' union No. 40 in Cripple Creek is in charge of the militia. The front windows have been demolished and the big sign of the W. F. O. M. torn down.

City Marshal W. J. Graham was forced to resign by the Citizens' committee, headed by E. C. Newcomb, cashier of the First National bank, and H. N. Crowder was appointed as his successor to the city council, which convened at once to confirm him. Justice of the Peace M. Harrington, said to be a union sympathizer, heard that the committee was to wait on him and tendered his resignation before the committee could see him. County Judge Albert S. Frost is out of the city, but it is said he will be asked to resign as soon as he arrives here, and so will Frank Mannix, county clerk and recorder. Both are attending the Democratic convention in Pueblo. It is further reported that Assistant District Attorney J. C. Cole, who is very much disliked by mine owners and members of the Citizens' Alliance, will be compelled to relinquish his office. All officeholders whose resignations have been demanded have furnished them when threatened with hanging. The bloodhounds in charge of Hugo Palmer of Trinidad trailed the assassin who killed the Findlay miners to a mile beyond Clyde station, a distance of three miles. There the scent was completely lost. It is believed by the detectives working on the case that the assassin took a buggy at the place where the scent was lost and proceeded along the old stage road to Colorado Springs.

## MINE OWNERS AROUSED

They Claim to Have Discovered Existence of Murderous Plot.

Victor, Col., June 8.—Two hemp ropes knotted with a noose for hanging were lying on a table in the room where the Cripple Creek district Mine Owners' association held a heated discussion behind closed doors. The members were greatly incensed by the discovery of what they regarded as evidence of the existence of a plot in the Victor miners' union for wholesale assassination of mine owners and miners. This evidence was a bundle of forty marked photographs found by Lieutenant Keegan in the union hall. On the back of some of the photos was the name of James Cochran, secretary of the union. The photos were of groups of men employed in various mines. The most important one was a group of the night shift of the Vindicator. The photo contains about twenty portraits, five of which were numbered from 1 to 5. On the back were written the names of the persons numbered. Of the five names those of Charles McCormick and Mel Beck had been crossed out. These two men

were killed in the Vindicator explosion last November. On other photos similarly arranged it is asserted there are crossed out the names of some of the men who have disappeared and whose whereabouts or departure are unknown.

Morocco Tribesmen Armed Bold. Tangier, June 8.—Armed Anjora Moors invaded the residence of an Englishman here and compelled his wife to give up the rifles of her husband, who was absent. The outrage took place in broad daylight. The British consul demands the arrest of the tribesmen, but the Moorish officials hesitate because the perpetrators are influential.

## A MASS OF RUMORS

No Definite News is Coming Out of Port Arthur These Days.

St. Petersburg, June 5.—The government, it is authoritatively said today, has no more information than the public of happenings in the neighborhood of Port Arthur. The lack of official news from southern Liao Tung was responsible for the usual number of rumors yesterday, among them the reports from Che Foo and elsewhere that the Russian squadron had made a sortie from Port Arthur and that the Japanese had begun a land attack upon the fortress. The general staff could neither confirm nor deny these stories any more than similar ones during the past forty-eight hours. However, it was pointed out that while a preliminary shelling of the land defenses of Port Arthur was not improbable, it is too early to expect news of a serious assault which could not be pressed with any prospect of success until siege guns have been landed at Dainy, brought overland twenty miles, emplaced and all the arduous preliminary work of a systematic advance against the outer works of Port Arthur completed.

## HARASSED BY COSSACKS

Japanese Army at Port Arthur Dogged From the Rear.

Lao Yang, June 8.—The Japanese have drawn in their advance guards from Vafangow. They blew up part of the railway and the telegraph station on the night of June 3. The damage was soon repaired.

Samsonoff's Cossacks are harassing the Japanese toward Port Arthur. Cossacks searching the hills occasionally catch detached parties unawares. In the clothing of a Japanese officer of the Fourteenth regiment who was killed important documents were found showing that the Japanese had lost heavily in the fighting on May 30. Many of the Japanese killed wear tattered Chinese clothes, such as spies use.

## MUNICIPAL MEETING.

Councilman Brann to Represent City of Rushville.

The city council last night received a letter from the municipal league, inviting them to send a representative to Indianapolis June 16th to attend the meeting of the representatives of the cities in Indiana to provide ways and means to secure some desired legislature for cities next winter.

Councilman O. L. Brann was selected to go to the meeting with the power to select an alternate in case he could not attend.

## Man Slightly Injured.

A workman who was assisting in the work of unloading rails slipped in some manner, yesterday, and struck his head against a rail, cutting quite a gash.

## Richland Township Convention.

The Republican Township Convention, of Richland township, for the purpose of nominating township officers will be held on Saturday, June 11th, at the Richland school house, at 1 o'clock p. m.

By Order of Committee.

While McCullough is "staying with them" in the newspaper business, its a two to one shot that the "strenuousity" he injected in the business cost as much as it was worth.

In mentioning the names of some fellows that accepted some counterfeit one hundred dollar bills recently, not the name of a single newspaper man appears. Newspaper men are immune from the acceptance of counterfeit bills—of that size.

Indianapolis Journal: One exhibit at the exposition is to be the most perfectly formed woman in St. Louis. The photographs sent out indicate that the fair management would have done better by running in a ringer in the shape of some Indiana girl.

In speaking of Senator Quay's probable successor, an exchange says that Ex-Attorney General John P. Elkin, of Indiana county, who was defeated for the gubernatorial nomination two years ago and who was recently nominated by the State convention for justice of the Supreme court for a term of twenty-one years at a salary of \$10,000 per annum, is a candidate against the field. It is with some reluctance that we criticize the Hon. John P., but why not "let good enough alone."

The announcement this morning in both the Journal and Star that they had combined and would hereafter be issued as the Star-Journal came like a "clap of thunder from a blue sky." While unexpected, however, it was the inevitable. The newspaper business in Indianapolis has for the past year been a losing proposition for every paper in that city with the possible exception of the News. The same conditions exist elsewhere and the result must necessarily be the same.

Newspaper men are firm believers in the old maxim that "competition is the life of trade," if we judge them by their actions. While everything that we eat, wear, and the

material and labor used in the publication of the paper goes up, the newspaper man puts the price of his paper and advertising down. The result must necessarily be a failure and we believe that Mr. Henry acted wisely in disposing of his newspaper interests to Mr. McCullough, who has evidenced a great desire to have everybody take his paper, if he had to pay them for doing so.

## JOURNAL IS SOLD

### State Organ of Indiana Republicans Taken Over by Rival Paper.

Indianapolis, June 8.—There was little surprise expressed in knowing circles this morning when the Journal appeared with an announcement that it had ceased publication, the plant and franchises having been bought by the Morning Star. It had been believed for some time that the Star would ultimately control the morning newspaper field here, consequently the formal announcement of this merger was not surprising. The logical conclusion is that the valuable Associated Press franchise thus assumed by the Star will be divided with the Sentinel, which recently, upon abandoning the morning field, sold its franchise to the Star, as it is not believed that one paper can long control two franchises in a city of this importance. It is understood that the Associated Press will not allow any paper to control an exclusive field, either morning or evening. The consideration paid by Mr. McCullough for the Journal is not stated, but is believed to be in the neighborhood of \$340,000. It is stated that the Star Publication company will immediately begin the publication of a party paper, thus preserving to the Republicans an organ in this state. The Star will hereafter take the name of the Star and Journal.

The consolidation of the two papers now leaves a field that is open to all factions in this state, and it is understood on all sides, in this connection, that Senator Fairbanks will not accept the nomination for vice president in the coming convention at Chicago, even if it should come to him by acclamation.

## CORDIALLY APPROVED.

### Prohibition State Convention Makes a Hit With Organ of Liquor Trade.

"Our Standard," the organ of the local retail liquor dealers' association of Indiana, gives its cordial endorsement to the work accomplished by the recent state convention of Prohibitionists in Indiana. In its issue of April 25 "Our Standard" says:

"The editor of Our Standard has frequently asserted that no conscientious saloon keeper can honestly object to the methods employed by the Prohibition party in Indiana. A great many condemn because they do not understand."

"The recent convention of the Prohibitionists of this State passed resolutions that with a little pruning will look well on the minutes of every liquor dealers' meeting in this State. That party goes on record as endorsing the very statements made by the editor of Our Standard to the temperance committee of the legislature that passed the Nicholson bill in '95."

"The sentiment expressed in the platform of the Prohibition convention should be an incentive to the liquor men to get in line for their own protection and defense."

## An Admirable Candidate.

Hon. Frank Hanly is an admirable candidate for governor. He is a man of clean character, sterling worth and splendid ability, a man who came up from the humbler walks of life by dint of hard work and unflinching energy. He is a man of the people and in thorough sympathy with those who toil whether in fields, shops or factories, and as governor it may be depended upon that no class will receive aught but the kindest consideration and fairest treatment at his hands.—Middle-town News.

## ANXIOUS ABOUT LOAN

### Treasury Department Inquires About World's Fair Financial Standing.

St. Louis, June 8.—In a letter received by the exposition company Leslie M. Shaw, secretary of the treasury, gave formal notification that if payments on the \$4,600,000 government loan are not promptly forthcoming when due, he as the guardian of the United States treasury, will take charge of the receipts and collection of fair tickets. The letter formally reminds the exposition company of the date for the payment of the first installment of the loan and incloses a copy of the rules governing the loan and repayment.

These rules set forth that the loan of \$4,600,000 was made to the exposition company in the months of February, March, April and May, 1904, and that in return the government is to have a first lien on the receipts of the fair from paid admissions and concession privileges. Payments are to be made each half month, the first payment June 15, when 40 per cent of the gross receipts from June 1 to June 15 shall be surrendered. Thereafter at the first and 15th of each month, 40 per cent of the receipts for the previous half month shall be paid, and it is further provided that after the first of July the semi-monthly payments shall not be less than \$500,000 each.

## A FIELD OF CANDIDATES

### May Confront Big Convention for Second Place.

Indianapolis, June 8.—There is beginning to be considerable speculation among Republicans of the state as to whom the Indiana delegation will support at Chicago for the nomination for vice president if Senator Fairbanks's name is not presented. However, there has never been a public statement to the effect that Senator Fairbanks would not accept and the result is that the delegates have never carefully weighed the other men who are mentioned for the place. The Hon. John B. Cockrum, of this city, one of the Seventh district delegates, who has been appointed chairman of the committee on arrangements for the Indiana headquarters, expressed the opinion today that Indiana will stand for Congressman Robert T. Hitt, of Illinois, if Senator Fairbanks's name is not presented, but that Indiana is for Senator Fairbanks first and last for anything he wants at the convention. This seems to be the view of many Republican leaders who are discussing the matter. Illinois has instructed for Hitt, West Virginia for Senator Elkins, Nebraska for J. L. Webster, so there may be a field of candidates.

The announcement of the sale of the Journal has created a great commotion among the party leaders, who are inclined to attach more than ordinary significance to the deal, as it has been intimated for some time that Senator Fairbanks was the real owner of the paper, although Mr. Henry was known as proprietor and principal stockholder. The fact that the deal has been made at this time is regarded by some politicians as another indication that Senator Fairbanks is trying to get away from the vice presidential nomination. The fact that Mr. McCullough has acquired the party organ has revived speculation as to whether or not he expects to enter the political field in the role of a candidate for the United States senate in case there should be a vacancy caused by the nomination of Senator Fairbanks for vice president. It was stated, however, today, by one of his close friends that he has no such intention, as he purchased the Journal as a business proposition.

There will probably be a number of old-timers in the coming legislature if the Republicans are successful. Warren C. Sayre of Wabash is sure of another term. He was speaker several years ago and chairman of the ways and means committee last session. That he will have one or the other of these places this time is generally believed. It is reported that Frank L. Littleton of this city will be nominated again by the Republicans. He was speaker of the house in 1899. Elie Stansbury of Williamsport will be renominated next week and will be a candidate for speaker. Sidney Cantwell of Hartford City will become a candidate for speaker as soon as he is nominated, and it is now understood that E. A. Dausman of Goshen will also ask for the speakership.

Strange as it may seem, a well-known Democrat declared today that several leaders in his party are waiting the result of the Republican national convention at Chicago before making an effort to secure places on the state ticket this year. This is perhaps the first time that such a situation has arisen in Indiana, but your correspondent's informant declared that if Senator Fairbanks is nominated for vice president, that it will be a hard matter to get the big men of the Democratic party to take places on their state ticket because they will feel that Senator Fairbanks will be such a tower of strength to the Republicans that the Democrats won't have a ghost of a show of overcoming the Republican majority.

A prominent Democrat made the assertion today that the Hon. Hugh Dougherty of Bluffton will not accept the nomination for governor, although he believes that a powerful effort will be made to bring him out for the place. Mr. Dougherty was here today, having just returned from a trip to California. Evidently something has been said to him on the question of accepting the nomination, for he declared that he may make a statement within a few days. It is believed now that he will decline for business reasons to permit anyone to present his name. That Mr. Dougherty is not inclined to accept the nomination is the cause of much regret among party leaders and the rank and file as well, as he is very popular with both.

## Former Postmaster Convicted.

Mobile, Ala., June 8.—Charles F. Piercher, former postmaster at Carlton, Ala., convicted on Saturday on three counts of forgery in connection with a mail carrying contract, has been sentenced by Judge Toulman to pay a fine of \$100 and to three years at hard labor in the federal prison at Atlanta. A writ of error to the United States court of appeals was granted and bond fixed at \$2,000.

## Delaware's Favorite Son.

Dover, Del., June 8.—The Delaware Democratic convention by a unanimous vote instructed its delegates to the St. Louis convention to present the name of Judge George Gray to the convention as the choice of the Delaware Democracy for president and to work for his nomination.

Mamers, France, June 8.—Torrential rains flooded the water courses last evening, causing the collapse of several houses. Nine bodies were recovered and several persons are missing.

## WEEKLY CROP BULLETIN

### Summary for the Week Ending Monday, June 6.

Indianapolis, June 8.—The first part of the week was decidedly cool for the time of year. The daily mean temperature from Monday to Thursday, inclusive averaged nearly 8 degrees below normal. During the balance of the week the temperature was seasonable or slightly cooler.

Copious showers were frequent during the week, and in the north section, where the ground was already well moistened, plowing and planting were interrupted and delayed. In many localities of the south section the rains were needed.

Planting and replanting corn are nearing completion in the southern half of the State, and the work is well advanced in the north section. A great deal of replanting has been necessary, partly because the ground continued too cold and wet for the early planted seed to germinate, and partly on account of defective seed, but mainly because of the ravages of cut worms.

One crop correspondent in Jackson county reports "a splendid prospect for wheat, better than for years past, nearly all headed," but generally the reports indicate an outlook for not exceeding half a crop for the acreage left standing. Potatoes and gardens are doing well. The prospects for fruit of all kinds, except peaches, are fair to excellent. A good crop of strawberries is being gathered in the south section, home grown strawberries are in market in the central section, and the fruit is ripening in the northern counties.

## Held on Serious Charge.

Shelbyville, Ind., June 8.—A colored tramp who refuses to give his name is held in jail here on the charge of attempting a wanton assault upon two young women, pupils of St. Vincent Catholic school, near this city. The tramp entered the sleeping room of the girls, but was frightened away. In escaping through the hall he encountered one of the sisters, who was painfully bruised in attempting to restrain him. The negro was later captured and will be brought to trial.

## Lonely Man's Suicide.

Lynn, Ind., June 8.—Rollo Davis, forty-one years old, was found dead in an old building three miles east of Lynn. A rope was tied about his neck and the body was dangling from a rafter. It is supposed that he took his life while insane. He was a well-to-do bachelor and made his home with the tenants on one of his farms.

# EBENEZER CHURCH

A New Edifice Erected in Northeast Corner of Rush County.

Brief History of This Pioneer Church, its Work and its Founder.

In 1831 George Maple and family came from Cabin Creek, Kentucky, to what is now known as Maples' Corner, in northeastern Rush county, Indiana. He had been preceded a few years by his son John. He was the grandfather of John D. Maple, Mrs. Lewis Fletcher, Mrs. David Manlove and Mrs. John Toms, all now residing in or near that neighborhood. He first worshipped with the Lewisville church and was elected elder soon after joining them. As the years passed he desired a house of worship nearer and decided to build one. Mrs. Jane Dinwiddie, grandmother of John D. Maple, who was then living on the farm now owned by J. K. Smith, of Cambridge City, donated a lot for house and cemetery. Upon this was erected with the help of the members, a log church in 1842. For five years they held services here when the membership having by God's blessing increased, it was thought best to build a frame church. This was done in 1847 at the cost of eleven hundred (\$1100) dollars, and was dedicated Dec. 3 of that year. We doubt not, that that little congregation of devout souls, felt just as happy and proud of their new house as the modern worshipper feels today in his costly church. This house was repaired several times and used until May 1st, 1904, a period of almost fifty-six years. John Maple, the son, was elected elder in 1854, and Isaac, the second son upon the death of his father, which occurred in 1860, having served up to almost the time of his death. So this grand old Christian had two sons, four grandsons, two sons-in-law elders in this and other Presbyterian churches. "For the promise is unto you, and your children, and to all that are afar off, even as the Lord our God shall call."

He lived to a ripe old age blest and sustained by his unflinching trust in his heavenly father and his son Jesus Christ. "E'en down to old age my people shall prove, My sovereign, eternal, unchangeable love; And then, when gray hairs shall their temples adorn, Like lambs they shall still in my bosom be born."

In 1903, David Manlove, a grandson-in-law, decided to erect a substantial building that would perpetuate this church for many years to come and honor his heavenly Father. When he made this desire known, the membership rallied to his support and old and young, with willing hands assisted. Never was a house of worship erected with less strife or confusion. "They brought their tithes into the store house and the Lord blest them." In addition to the lot given by Jane Dinwiddie, John Geophart and wife donated enough ground joining for the new building, and upon this higher ground the church was placed at a cost of six thousand dollars. It is a very solid building of stone and brick and entirely modern in style. It was dedicated May 1st by Revs. VanDyke, Beattie and Carson. The day was beautiful in springtime freshness and friends came from far and near to participate. "May the blessing of Jehovah rest upon and abide in this new tabernacle." The good seed which was sown in 1842 fell upon good ground and has brought forth fifty and a hundred fold. "I love Thy church, O, God! Her walls before Thee stand, Dear as the apple of Thine eye And graver on Thine hand."

The following ministers have served the church:

Revs. John R. Moreland, William Sickles, S. S. Weaver, D. W. Snook, D. M. Stewart, George Ray, John Dalo, A. R. Naylor, Isaac Monfort, J. J. Scott, N. McFarlan, Gilchrist, Armstrong, H. M. Schockley, G. M. Hare, H. K. Henneigh, Muse, J. J. Inman, S. A. Jamison, F. W. Weatherwax, E. S. Weaver, C. White, F. G. Stevenson, D. VanDyke.

The following Elders: George Maple, H. D. Dinwiddie, James W. McClure, Eli Sheppard, J. E. Rumsey, Joe Okel, William Lowden, John Maple, J. May, A. J. Fletcher, Benjamin Stewart, Isaac Maple, J. W. Vickery, David Manlove, W. H. Cooney, S. E. Bell, John D. Maple.

## Obituary.

Nancy L. Bell was born in Rush county, Ind., Nov. 16th, 1834 and died at Anderson, Ind., June 2d, 1904, aged 69 years 6 months and 16 days. She was a daughter of John and Margaret Bell, well known in this county, in their life time, and of a family of eleven children, six brothers and five sisters, four brothers and two sisters are still living.

She was married to W. M. Hudelson April 30th, 1857, by Rev. J. F. Hutchinson, who had just begun pastoral work at Shiloh. To them were given four sons and one daughter. The husband and father died March 28, 1866. Two sons, Ira and Albert, in the next month.

She united with Shiloh United Presbyterian church at the age of 16, and was a consistent member until the day of her death, declaring her faith in her Savior, and willingness to submit to His will to the very last.

Her great concern was not for self, but for others. She exemplified the words of Jesus "it is more blessed to give than to receive."

For 24 years her home had been with her daughter, Laura, and husband, James Smith, principally, whose children, as well as her own, "rise up and call her blessed."

The funeral services were held in Shiloh church on Sabbath, the 5th of June, attended by a concourse of friends and relatives, who could not all find room in the church. The services were conducted by Rev. J. F. Hutchinson, her pastor during all her married life, and by her request. His testimony is added to the combined testimony of all who knew her.

"She was a good woman." That was what was said of Barnabas, when chosen for an important work, "for he was a good man." No higher compliment can be paid a life on earth.

## SEARCHING THE RUINS

More Bodies Being Found in Wreck of Peoria Distillery.

Peoria, Ill., June 8.—One more body, that of Joseph Zimmerman, has been taken from the ruins of the Corning distillery. The remains were found in a part of the building where the fire was most fierce, and there was not enough of the body left to make a handful. Identification was made possible by the fact that Zimmerman's watch was only partly destroyed, and that his hammer and lamp, with which he had been searching for leaks in the barrels and which, some claim, was responsible for the disaster, were also found. Of the fourteen men who died in the fire, ten have been recovered, and of these seven have been identified and claimed by relatives. The remaining three are in such a condition that identification is impossible. The search of the ruins for the four bodies still continues.

## A FITTING TESTIMONIAL

Nestor of Washington Journalism Rewarded for Long Service.

Washington, June 8.—One thousand of the best known citizens of Washington last night tendered a reception to Crosby S. Noyes, editor-in-chief of the Washington Evening Star and known as the Nestor of Journalism in this city. It was a testimonial of their affection, esteem and gratitude for Mr. Noyes' work and accomplishments in more than a half century of Washington life in developing the national capital through the instrumentality of his paper and as a citizen. The immense banquet hall of Rauscher's were used for the occasion.

From out-of-town came over 800 letters from editors, senators and members of the house of representatives and others, congratulating the venerable editor, now rounding out his 79th year, on his achievements. President Roosevelt sent a personal message regretting his inability to be present, but extending to Mr. Noyes his congratulations and wishing that his health and prosperity may long continue. Secretary John Hay sent his regrets in a letter testifying to the ability, integrity and public service of the honored guest. A pleasing feature of the function was the presence of every employee of the Star.

## Spreading Civilization.

Washington, June 8.—The great American game of baseball has been introduced into the far East by the Jackies of American warships. Teams made up from the crews of the vessels in Admiral Cooper's command have formed the Asiatic Fleet Baseball League, and a copy of their schedule of games has been received at the bureau of navigation. The series consists of fifteen games, the first of which is scheduled as the Oregon vs. Flotilla. The marines also are represented by a nine and will take a part in the struggle for the championship.

## Hearst Loses in Colorado.

Pueblo, Col., June 8.—The Colorado Democratic state convention named delegates to the national convention. The delegation goes uninstructed. The Hearst people attempted to pass a resolution instructing for Hearst through the convention, but it was turned down by a vote of 379 to 108. The platform indorses the Kansas City platform of 1900 and instructs the delegation to use all honorable means to secure a platform in harmony therewith. Strong resolutions commending Mr. Bryan were adopted.

## A Simple Ceremony.

Florence, June 8.—A funeral service of the simplest character took place yesterday over the body of Mrs. Samuel L. Clemens in the Villa Quarto. Only members of the family were present. The coffin was taken to a temporary vault from which it will be sent to Genoa and placed aboard a steamer sailing for New York June 25. Mr. Clemens (Mark Twain) will go to the United States with the body.

## War Formally Ended.

Mexico City, June 8.—President Diaz has issued a formal decree announcing the end of the Maya war in the Yucatan peninsula after four years' duration. The war cost many lives, as the climate is unhealthy for troops from the tablelands. Many of the Mayas are now peacefully at work on plantations and have settled down to a civilized course of life.

## Murder and Robbery.

Yorktown, Tex., June 8.—Operator Earl, station agent for the San Antonio & Arkansas Pass railroad, was shot to death by a robber, who got \$10 from the cash drawer. Conrad Schwartz was arrested and taken to jail at Cuero. It is supposed that Earl was murdered because he was unable to open the office safe.

## Etzel Was an American.

Butler, Pa., June 8.—Lewis Etzel, the correspondent of the London Telegraph killed by Chinese soldiers at New Chwang, is stated by his cousin, Miss Edith Knittle, to have been the oldest son of Gabriel Etzel, once a prominent merchant of this city. Lewis was about forty years of age and was unmarried.

## Expect to Get Fugitive.

Mexico City, June 8.—The police of this city are searching for Herman E. Haase, the alleged embezzler of \$20,000 from the Corn Exchange bank of Chicago while his chief auditor.

## Drowned While Bathing.

New Albany, Ind., June 8.—Peter Zwahlen, cabinet maker, twenty-four years old, was drowned while bathing in the Ohio river.

## TERSE TELEGRAMS

Etzel, of the London Telegraph was shot dead at New Chwang by Imperial troops.

It is authoritatively stated that no new Cuban loan will be offered in the near future.

Santos Dumont says that he will make his ascent at St. Louis before the end of June.

Violent thunderstorms in northern France resulted in five men being killed by lightning.

Democrats of the twentieth Illinois district renominated Henry T. Raney, of Carrollton, for congress.

The business section of Johnstown, O., was destroyed by fire. The loss is estimated at from \$75,000 to \$100,000.

The Indianapolis Journal has been sold to the Morning Star and the two papers merged into one, the Star retaining the field.

The submarine torpedo-boat Fulton, which was sunk to the bottom of the ocean for a test, remained there over twelve hours.

Two young women living near Statham, Miss., Mabel Flanagan and America Lynn were instantly killed by a stroke of lightning.

John Robinson, Jr., Maunee, Ill., murdered his wife and brother-in-law, Shelby Atterbury, and then committed suicide by shooting.

The Republican party in Oregon scored an overwhelming victory. The next legislature will be Republican by a large majority and Republicans were elected to most of the county offices.

## Quick to Take Offense.

Martinsville, Ind., June 8.—George Zike, near Exchange, this county, has caused a warrant to issue for the arrest of Don McKahan of Centerton, charging him with shooting with intent to kill. The shooting occurred near Exchange. McKahan and a young woman were riding in a buggy, and met Zike and two companions in a buggy, driving in an opposite direction. Remarks were exchanged and McKahan took offense and began shooting, one bullet striking Zike a glancing blow in the shoulder. Zike and his companions escaped further injury by throwing themselves in the bottom of their buggy and driving rapidly away.

## Conspiracy Is Charged.

New York, June 8.—John A. Benson, the California millionaire landholder, has been held on a warrant of removal by U. S. Commissioner Shields. The indictment on which the warrant was issued, was issued in Washington and charges that Benson and Frederick A. Hyde, the latter also of California, conspired to fraudulently obtain title to certain reserve lands in California and Oregon.

## Woman Charged With Forgery.

Evansville, Ind., June 8.—A woman who gave her name as Mrs. David H. Brown and her home Birmingham, Ala., was arrested charged with passing forged checks for small amounts on a number of local merchants. She says her husband was formerly a well-to-do railroad man of Birmingham. Her case will be taken up in police court tomorrow.

## Another Bloody Battle.

Simla, India, June 8.—Tibetans recently attacked the British post at Khangma. Their losses were one killed and five wounded. The Tibetans left 174 men dead around the post and many others were killed in the pursuit.

## Outrage Being Investigated.

Ardmore, I. T., June 8.—Federal officials have begun a rigid investigation of the circumstances under which fifty negroes were forced to leave Madill, a small town in the Chickasaw nation. No arrests have been made.

## Little Hope of Recovery.

Peru, Ind., June 8.—Jacob Seisler stepped upon a rusty nail which pierced his foot, several days ago, and now he has lockjaw, with little hope of recovery.

## BIG HOTEL IN THE WOODS

Tavern Inside the World's Fair Grounds, Surrounded by a Forest, Offers a Luxurious and Restful Retreat.

The Comfort for the visitors to an exposition was never the subject for so much intelligent thought and preparation as it has been at the Louisiana Purchase Exposition at St. Louis.

One of the features that cannot fail to appeal to the visitors is the convenience and comfort afforded by the Inside Inn, a structure of 2,257 rooms, covering an area of 400 by 800 feet, wholly within the World's Fair grounds.

Probably no hotel ever built commands a view so diversified or grand. From the wide verandas that surround the mammoth structure a wonderful panorama spreads before one. Many of the state buildings, with their giant and magnificent structures, present their most attractive facades. Some of the foreign buildings may be seen, and the forest of towers and turrets, domes and minarets, rising above the great exhibit palaces and seen through the forest of real trees that surround the hostelry, give token of the other glories that lie beyond.

A leisurely walk of five minutes will land the visitors on the main terrace in front of Festival Hall, the center of the "mainpicture" of the Exposition, the grandest spectacle ever produced by man. Another five minutes' walk and the visitor may find himself on the Pike, a street of amusement, a full mile long, with the shows of all nations in gay and enticing array.

In the ten minutes' walk many of the main exhibit palaces have been passed. These comprise the largest and the grandest collection of architectural triumph ever assembled in any one place. Notwithstanding its close proximity to these scenes of gaiety and splendor, noise and confusion, the Inside Inn offers a delightful retreat. During the noon hour the visitors may retire for a brief rest and resume his delightful task of sight-seeing refreshed and all the more able to appreciate and enjoy the World's Fair wonders.

The rates at this hotel within the grounds are no higher than those charged elsewhere. A good room may be had for \$1.50 per day, including admission to the grounds. Other rooms may be had up to \$5.00 per day, according to the luxuries demanded. There is a restaurant in the building with a seating capacity for 2,500.

## "BEAUTIFUL WINONA."

## Excursions via Pennsylvania Lines to that Pretty Resort.

With the opening of the season at Winona Lake, May 16th, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana will begin. Every summer passed there by thousands has only increased their desire to return. On the golf links, the tennis court, the baseball or croquet grounds, the croquet field, or boating on the lake, fishing, camping, swimming, driving, or attending recitals and lectures by world-famed personages in the auditorium—Whatever the diversion may be, the associations are of that congenial sort conferred by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania Lines during the summer. For information about fares and time of trains, apply to local ticket agents, or to F. VAN DUSEN, Chief Assistant General Passenger Agent, Pittsburgh, Pa. Illustrated literature describing attractions of Winona Lake may be had for the asking. Address S. C. DICKET, Secretary and General Manager, Winona Lake, Ind., who will give particulars regarding camping facilities, hotel accommodations, program of addresses by noted speakers and other details.

## Chicago Ills., via Big Four Route.

The cases of typhoid in Indianapolis are growing less each day.

Young & Wellman shipped a car load of hogs to Louisville today.

Markle & Gosnell shipped a car load of cattle to Indianapolis today.

Frank Meredith, of Morristown, was here yesterday on business and incidentally to call on friends.

Charles Favors, of St. Paul, was fatally injured by a fall from the steps of a fast Big Four train on which he was stealing a ride.

Greensburg Review: Greensburg's next game will be at Rushville. The team will be accompanied by a large crowd of backers and rooters.

The new band held its weekly practice last night. The people of this city are beginning to appreciate the band music which can be heard all over town.

The Greensburg Review says "Well, our team can't always win, but the idea of losing to Rushville! It's awful." "And a shut out too" it might have added.

The Indianapolis Star-Journal combine has nothing whatever to do with the daily Republican and we will continue to get out the best and newest paper in the city.

R. E. Wilson, executor of the estate of Lillie D. Readle, deceased, has filed his inventory of the personal property of decedent, appraising it at \$268, and the real estate at \$7000.

Don't be afraid to order the Daily Republican sent to you when away on your vacation because its a pleasure to the Republican to accommodate its subscribers in that manner.

The cabs and busses in this city were kept busy this morning transferring college girls from the C., H. & D. to other depots. The girls were on their way home from Oxford college, where the commencement was held last night.

The Tuesday Evening Bowling club met last night at the Pastime Alleys. Miss Nellie Adams bowled 100, the highest score for the ladies and Mr. D. B. Stewart scored 165, the highest score for the men. Refreshments were served.

The signs on the ball park fence have been completed by W. R. Martin and are very attractive, not only adding much to the appearance of the grounds, but giving the merchants who have taken space on the fence one of the best of advertising mediums.

The Red Men of this city met last night and elected the following officers: Prophet, Jesse M. Poe; sachem, T. E. Gregg; Senior Sagamore, Ed. Sherman; Junior Sagamore, Frank Redman; Representatives to the Great Council, George W. Osborne, Sherman Andrews and Charles A. Morgan.

**THE SEVEN SOCIAL**

**Given by the C. E. Society of the Presbyterian Church was Quite a Success.**

The Seven social given by the C. E. Society of the Presbyterian church last evening was a social and financial success.

The music and recitations were very fine and well received, and were out of the ordinary.

The refreshments of strawberry, ice cream and delicious cake were fine.

After the exercises a short time was spent socially, and the members of the church assisted strangers in becoming acquainted with all present. \$18.45 was the amount collected.

**WERE PUZZLED**

**Council did not Understand Bids for Sidewalk Improvement for Third Street.**

The bids for the construction of sidewalks, curb and gutter on Ninth and Third streets were received by the council last night and the Ninth street contract was given to Geo. R. Kelley, the lowest bidder, but the Third street contract was not given to anyone, for the reason that the council did not thoroughly understand the bid of Kirkpatrick, of Greenfield, who seemed to be the lowest bidder.

Kelley, Stewart & Caldwell and Kirkpatrick were the bidders, and as usual the bids were not easily understood, but after a secret session the council unraveled the Ninth street bids, but were still puzzled on those of Third street.

The bids were as follows for the south side of Ninth street: G. R. Kelley, curbing and setting same, 40c. per lineal foot; cement walk, 13 1/2 c. per square foot; cement gutter, 33c. per ft. Same to be completed by Nov. 1st, 1904. C. M. Kirkpatrick, \$1.30 per ft. for curb, walk and gutter, and 25c. per cu. yd. extra for excavating dirt. Stewart & Caldwell, curbing, 47c. per ft.; cement walk, 14 1/2 c. per sq. ft.; cement gutter, 34c. per ft.

The bids for the improvement on the north side of West Third street were as follows: G. R. Kelley, curbing and setting same, 45c. per ft.; cement pavement, 15c. per sq. ft.; cement gutter 36c. per ft. Same to be completed by Nov. 1st, 1904. C. M. Kirkpatrick, Greenfield, \$1.30 for curb, walk and gutter and 25c. per cu. yd. for excavating. Stewart & Caldwell, curbing, 48c. per ft.; cement walks, 16 1/2 c. per sq. ft. and gutter, 38 c. per ft.

**PROGRESSIVE DINNER**

**Epicurian Club to Entertain Tonight.**

The Epicurian club, composed of fourteen of Rushville's most popular young ladies, will entertain their gentlemen friends with a progressive dinner tonight.

The dinner will be made up of four courses the first of which will be served at the home of Miss Mae Bebout on North Main street, where the house is beautifully decorated in red and white.

The second course will be served at the home of Miss Louise Mauzy, where, lavender and green predominate among the decorations.

Miss Henrietta Coleman will serve the third course at her home on Third street, where the house is appropriately decorated in Japanese designs and colors. The fourth and last course will be served at the home of Miss Hallie Riley, on Morgan street, who has decorated her rooms in pink and white together with many pretty flowers.

The dinner bids fair to be the social event of the week in Rushville.

Several out of town guests will be present, among whom are the Misses Coats, of Chicago; Miss Ora Davis, of Columbus, Frank Donnell, of Greensburg; Dr. Selman, of Greenfield, and Carl Morris, of New Salem.

**Establish New Record.**

A crew of men under George S. Henry, unloading rails near the power house, established a new record yesterday when they unloaded 117 rails in two hours or 120 minutes, nearly one a minute. In that space of time they handled an enormous weight, each rail weighing 1400 pounds, or a total handled in the two hours of 163,800, or more than eighty tons.

**TO THE WOODS**

**Shelbyville Team Retires Under a Terrific Fire of Base Hits.**

Rolling off a log is a difficult undertaking compared with defeating the misguided conglomeration of base ball players who journeyed to this city yesterday from Shelbyville.

Aided with base hits and errors by the opposing team, Manager Geraghty's braves yesterday routed the pride of Shelbyville beyond all calculations and sent their two star twirlers skyward.

The locals put up a fairly good game, but what ought to have proven a shut-out to the credit of pitcher Wagner was marred by two blunders by the infield that allowed the one lone Shelbyite to order the scorer to use the chalk.

Smith, their crack Marion twirler, lasted but one inning, a base on balls, five hits, and as many runs suggesting to their management that his benders were altogether too acceptable, and he was retired. Bennett was sent to the slab, and fared but little better.

Owing to his several errors Alexander of the Rushville team, was sent to the bench in the sixth inning, and Kiser went to Third in his place.

Stewart, Shelbyville's crack third baseman, will play with Rushville from now on. Alexander will be given another chance at third, however, and may yet round into his old time form.
